

Activity 1: Schedule an event and add a Google Meet link

Now it's your turn to schedule a calendar event and add a Google Meet link. Use a real meeting that you have coming up or invent one. You use this calendar event in the next activity.

Complete the following steps:

1. Go to calendar.google.com to open your Google Calendar.
2. Click **Create**, and click **Event** to create a new event.
3. Add an event title, then click **Add Google Meet video conferencing**.
4. Click **Save**.

Leave your Google Calendar tab open. You will use it in the next activity.
