

Activity 3: Search for a message

In this activity, you use the Google Chat search function to find a message you sent earlier.

Complete the following steps:

1. Click the search bar, type "Good Morning," and then press **Enter** on your keyboard. Multiple filters for your search appear, like **From**, **Date**, **Has link**, and **Mentions me**.

Note: If you're searching using Gmail, be sure to select **Messages** in the first row of filtering options.

2. From the search results, select the message you sent in Activity 2 to open the thread.
